## Rules

1. Bat all players
2. Use four outfielders
3. Catcher takes normal position
4. Place a player to the left side of the pitching machine for fielding purposes only.
5. The fielding team's coach is in charge of feeding the balls into the pitching machine and is also the umpire for the half inning.
6. There is free substitution for the team in the field. It is a good idea to rotate the players to different positions every inning. (Remember it is a learning league)
7. No one player should sit the bench for more than one inning.
8. Games are 7 innings or one hour in length
9. Each batter gets 5 pitches. On a fifth pitch foul ball the batter is out.
10. Stealing is not allowed
11. There is no infield fly rule
12. Any batted ball that hits the machine, it is a base hit and the ball is dead. Thrown balls hitting the machine are dead.
13. All other standard rules of baseball/softball apply
